

Cargo Security Consent to Screen Authorization

Regulations of the United States Transportation Security Administration (TSA) require all cargo offered for air transportation to be screened. Such regulations require that a Cargo Security Consent to Screen Authorization form be obtained from all customers whose shipments travel via air transportation.

By completing and signing this form, you are authorizing the consent to screen all cargo for air transport from the date of this notification forward. You will not be required to authorize consent to screen cargo for air transport on an individual "per shipment" basis.

IAC Name: **Clutch Global Logistics, Inc.**

Shipper Name:

Address:

City:

State:

Zip:

Telephone No:

Pursuant to Transportation Security Administration (TSA) regulations, I hereby authorize consent to screen all cargo for air transportation tendered by our company from the date of this notification forward. This consent to screen air cargo authorization is valid for all of our shipping facilities.
